Background

Cut: **Background** Aqua Essex Linen - 24½ x 19"

Circle Background Layering Aqua w/Lines Cotton - 4½" Circle (x6)

Referring to the cut sizes above and the circle template on the previous page, cut the **Background** to size and **Circle Background Layering**. *Please Note: The circle template provided is the finished size and the dimension listed above is the cut size.*

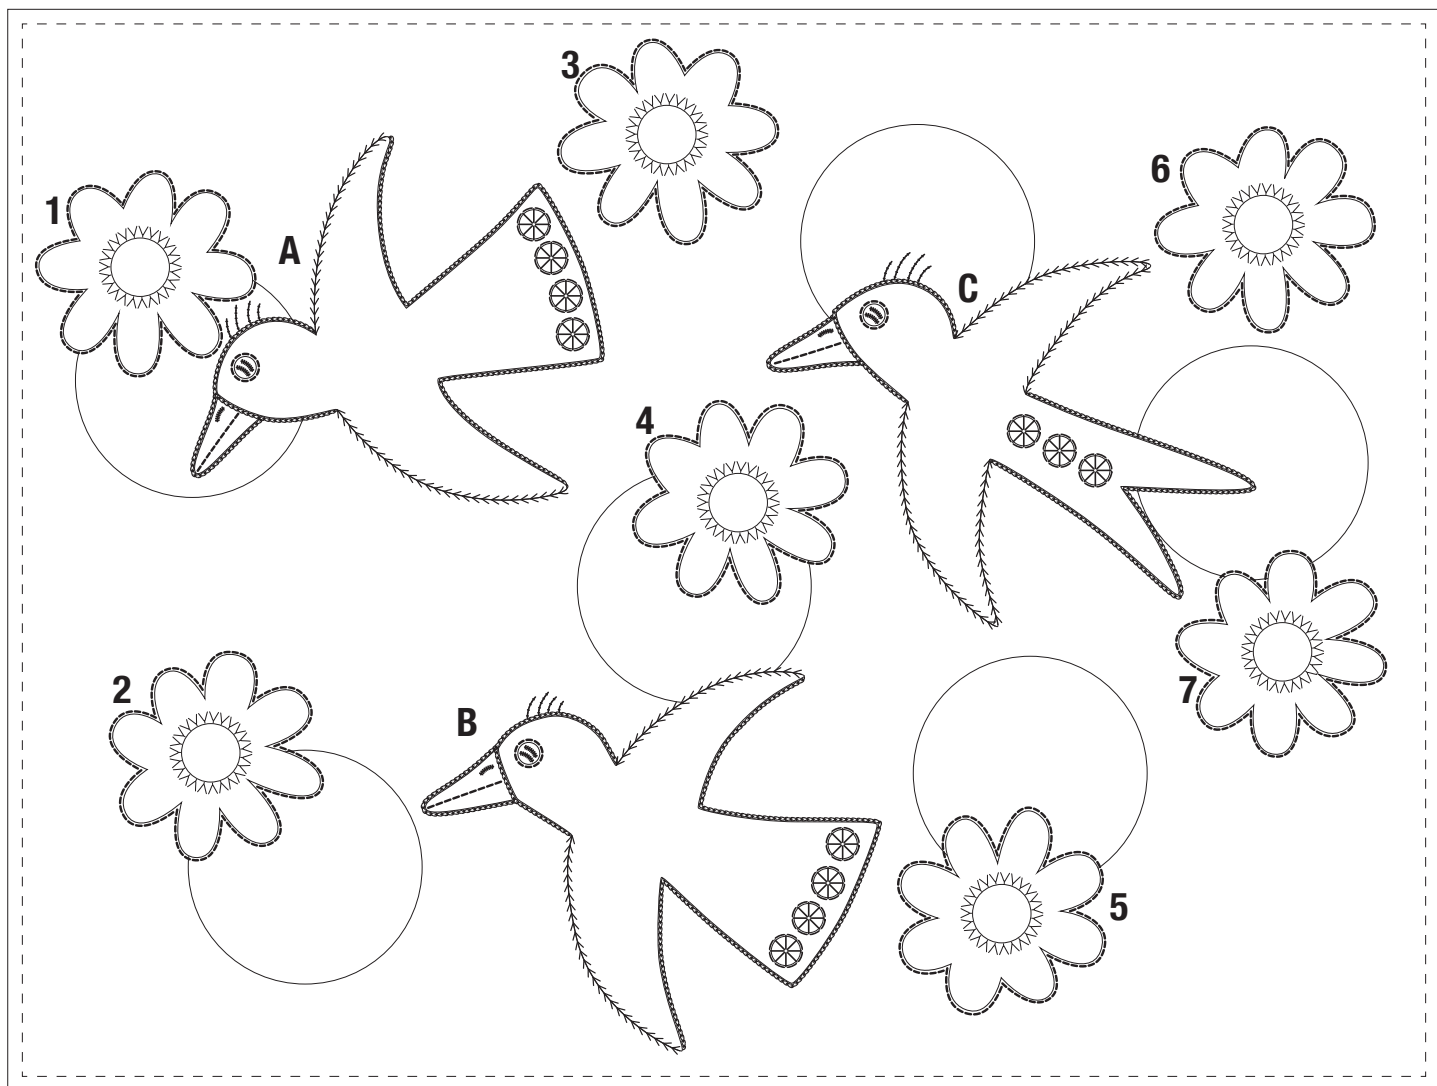

Pin the **Circle Background Layering** to the Essex Linen background. Using a #11 Short Darning needle and matching Efina cotton thread, needle turn appliqué the **Circle Background Layering** in place utilizing a ¼" needle turn.

Appliqué

Trace separately with a pencil on the matte side of your freezer paper all of the appliqué elements for the block. Cut out each of the freezer paper templates on the pencil line. Referring to the photograph iron the templates to the appropriate color wool fabrics. The shiny side of your freezer paper is ironed to the right side of all your fabrics. Cut out the wool appliqué pieces exactly the same size as the templates. ***Please note:** In this block, the bird beaks underlay the body appliqué, the portion hidden by the body appliqué is shown with a dashed line.* Using a #24 Chenille needle and matching Ellana wool threads, appliqué the pieces in place utilizing a **Whipstitch (page 15)**.
